

Texas Master Naturalist 2021 Annual Meeting

October 21st-24th

Be a Part, Be a Sponsor!

Put it on your calendar now as we prepare for our 22nd Texas Master Naturalist Program Hybrid Annual Meeting, an event to gather virtually and in-person, learn and celebrate another year of the Texas Master Naturalist Program. We'll be hosting this year's meeting in a mixed format both in-person and virtually from October 21st – 24th with plenty of activities both pre- & post-event!

The Annual Meeting provides an opportunity for the Texas Master Naturalist volunteers from around the state to gather virtually and/or in-person, participate in educational seminars, and receive all of their Advanced Training requirements for the year in one event. We're also preparing for some unique ways to engage program participants and supporters to network online and in-person, share new ideas, and to learn from different chapters in different regions of the state. This year's meeting, while in a new hybrid format, will include a combination of exciting in-person and virtual events such as field sessions, interactive training workshops, and concurrent technical sessions—many of which will focus on the diversity of our Texas ecoregions with special emphasis on the cross-timbers region where we will hold the in-person portion of our conference.

Once again, we are seeking sponsorships for the Texas Master Naturalist 22nd Annual Meeting. In addition to general meeting sponsorships we are also seeking sponsorships for specific portions of our first ever HYBRID event.

Although some of you will be visiting us in Irving and others will be tuning in from home, we are committed to creating a valuable and engaging educational and networking experience no matter how you attend our meeting this year. We're excited about all of the new possibilities that a hybrid conference opens up for our event!

All sponsorships will receive special recognition through conference communication, fliers, announcements and programs. Sponsors may make a general contribution to support and sponsor the TMN Annual Meeting as a whole at any of the following levels:

Be a Friend = \$150

Be an Ecologist = \$300

Be a Steward = \$500

Be a Conservationist = \$1,000+

Be a Naturalist = \$5,000

For more information contact Mary Pearl Meuth at mpmeuth@tamu.edu.

Be A Texas Master Naturalist Annual Meeting Sponsor

Recognition for our Texas Master Naturalist Annual Meeting Sponsors will include the following at each level of sponsorship:

Friend = \$150

- › Posted on Annual Meeting website, agenda booklet, and rotating slideshow
- › Recognition given during awards ceremony
