TMN VMS UPDATE

Updated Contract & New Account Manager this year

VMS is undergoing a re-fresh, move and consolidation with the remainder of the TPWD account.

Changes coming in August to late fall that are intended to make things more efficient.

This re-fresh will incorporate updates, upgrades and new features of the system that have taken place since our initial build.

- **There are no changes in the member reporting side of the system.**

RESOURCES FOR YOUR TMN JOURNEY THIS YEAR

The Mission

The Texas Master Naturalist Program's mission is to develop a corps of well-informed volunteers to provide education, outreach, and service dedicated to the beneficial management of natural resources and natural areas within their communities for the State of Texas.

Many communities and organizations rely on such citizen volunteers for implementing youth education programs; for operating parks, nature centers, and natural areas; and for providing leadership in local natural resource conservation efforts. In fact, a short supply of dedicated and well-informed volunteers is often cited as a limiting factor for community-based conservation efforts.

Provided stewardship and management through new projects on **872** acres in 2023 and made an impact on more than **234,815** acres to date.

ABOUT

Since 1997, our skilled volunteers have worked with organizations and their local communities across **49 chapters covering 216 counties** to implement youth outreach programs, help operate parks, nature centers, natural areas, and lead local natural resource conservation efforts. Master Naturalists are an invaluable resource in their communities because of their heart for volunteering and specialized knowledge of natural resources.

MISSION

The Texas Master Naturalist Program's mission is to **develop a corps of well-informed volunteers** to provide education, outreach, and service dedicated to the beneficial management of natural resources and natural areas within their communities for the State of Texas.

SPONSORS

The Texas Master Naturalist organization is sponsored by **Texas Parks and Wildlife** and **Texas A&M AgriLife Extension Service**.

Post-Event Field Sessions

Field Sessions

- Field sessions during this year's Texas Master Naturalist Annual Meeting are provided to explore these unique surroundings and learn from local experts about projects, ways to get involved, and lessons to take home to your community. Session options include pre and post event sessions, volunteer service projects, tours of local chapter partnership projects, and guided explorations of the region's top naturalist sites.
- As always, these field sessions are limited in attendance and typically fill up quickly.
- A wait list will also be available for each of the sessions through registration, once active.
- Thank you to the local coordinating chapters: Hays County, Capital Area, Balcones Canyonlands, Lindheimer, Lost Pines and Guadalupe
- Some sessions may have an added cost or have special gear required. Additional notes are included in each of the session descriptions on the agenda.
- **Transportation is NOT provided for field sessions this year.** We encourage all attending Master Naturalists to carpool or caravan where possible.
- A private **Slack Channel** will be set up for each field session and sent to all final attendee in early October. Through this private discussion board, attendees will be able to make shared travel arrangements.

Texas Master Naturalist Annual Meeting Silent Auction San Marcos - October 24-27, 2024

We are excited about the quickly approaching Texas Master Naturalist (TMN) Annual Meeting at the Embassy Suites Convention Center in San Marcos, Texas. It is time to prepare for getting donated items for the silent auction. Display and bidding will be open on Thursday through Saturday October 24-26th. Money raised by the silent auction is used for TMN project grants, scholarships to the annual meeting for each chapter, and to bring in speakers and trainers for future annual meetings.

We are asking each TMN chapter to donate a minimum of \$100 in cash or items to the auction. There are many types of items that are appropriate for the silent auction. Cash will be used to purchase attractive and relative items to be placed on the auction tables. Below are some ideas from previous years:

- Travel packages, vouchers and gift certificates for trips, tours, experiences, hotels and sights. Local experiences are a great way to share chapter-area treasures.
- Items and gift certificates solicited from your local businesses.
- Purchased items such as outdoor gear, tools, nature guides, books about nature and generally anything related to nature.
- Hand-crafted items such as art (paintings, sculptures, framed photographs, carvings), jewelry, notecards and natural arrangements.
- Theme baskets and grouped items. These may represent your region and members may join together to complete these. Some theme ideas include coastal, birding, outdoorsy, décor items, kitchen, cooking, gardening, regional cuisine, etc.

We encourage you to use your imagination and keep naturalist themes in mind. If it's something you would like to have, other members probably would too. Items in new condition with a value of at least \$25 may be donated. Vintage or collectible items in like-new condition with a value of at least \$25 may also be donated. We occasionally group like items together to add to the appeal!

Please complete a Silent Auction Bid Sheet for each item (see attached). Each bid sheet you submit by the deadline – **Sunday, October 20 at 5pm** – is eligible for entry into the silent auction door prize. The winner of the door prize will receive a \$100 shopping voucher for the 2024 silent auction. The winner will be posted Thursday, October 24th at 1pm.

Silent Auction Bid Sheets will also be available at the Conference. Bid sheets submitted after

Chapter Advisor Award

The Texas Master Naturalist Program presents the annual **Chapter Advisor Award** to outstanding advisors and/or teams of advisors each year. The goal of the awards program is to encourage and recognize the exceptional work and support of local Texas Master Naturalist Chapter Advisors.

The **Chapter Advisor Team category** was established to recognize the exceptional support of TMN chapter Advisors working in partnership to support a chapter, just as the TMN program is supported by a partnership between Texas Parks & Wildlife Department and the Texas A&M AgriLife Extension Service at the statewide level.

Applications are due by **September 15th, 2024.**

Chapter Project Fair

The Texas Master Naturalist Program holds this competition during our Annual Meeting each year to share and award the premier projects of the TMN Program. Our chapter members continually list this fair as a favorite to learn about projects other chapters are doing and how they may be able to replicate such projects in their area.

Interested in being a
Judge?
Contact Michelle

Entry, Criteria & Judging

1. Each Chapter will provide a short-written paragraph describing the project by **September 15, 2024**.
2. A pre-selected panel of judges will join the live 20-minute presentation of each Project Fair entry during our October [#TMNTuesday Speaker Session](#) on **October 8th, 2024**
3. Awards will be announced at the Annual Meeting and will be in the form of monetary project grants which are intended to further support the winning projects or new project implementations of the chapters' choice.
