#TMNTuesdays FAQs

- Are 2024 TMNTuesdays available for 2025 AT hours?
 - No. Only calendar year TMNTuesdays can be counted for AT. But you can watch them for your own education/entertainment!
- Do I have to be a Texas Master Naturalist member to attend a #TMNTuesday?
 - No! These are open to the public – all are welcome to attend. Each person will need to register via the WebEx registration link listed for that month.
- Will the #TMNTuesday events be recorded?
 - Yes! These will be recorded each month and shared to this website by the following day of each month.
- Do I need to register for the #TMNTuesday each month?
 - Register for the whole year's series with one page - <https://txmn.tamu.edu/tmntuesdays/>
- How long after I watch a #TMNTuesday video can I log my AT hours?
 - In order to stay within the 45-Day rule for logging AT hours, you will need to log your hours at most 45 days after watching the video. Because you can view the video after the live event, please report the day you view the video, not the original date the video aired.

The Mission

The Texas Master Naturalist Program's mission is to develop a corps of well-informed volunteers to provide education, outreach, and service dedicated to the beneficial management of natural resources and natural areas within their communities for the State of Texas.

Many communities and organizations rely on such citizen volunteers for implementing youth education programs; for operating parks, nature centers, and natural areas; and for providing leadership in local natural resource conservation efforts. In fact, a short supply of dedicated and well-informed volunteers is often cited as a limiting factor for community-based conservation efforts.

TMN VMS Updates

- **Our TMN VMS has been undergoing a re-fresh & re-build to enable updates and new features.**
- **For our TMN Volunteers:**
- Overall, no changes for the end user (TMN reporting volunteers) yet
- FAQ = Will there be a phone app? - No, however anyone can report through the browser version on their phone.
- **For Chapter TMN VMS Admins:**
- Added a Rapid Training Team to our TMN VMS Administrative Team for the conversion
- Training Moratorium lifted -- Submit requests for new local chapter Admin Trainings at the TMN VMS help desk to assist with the new year turn over where needed.
- We anticipate QA/QC to take place in the next few months.

Improving TMN Reporting

One Simple Request (shared via a ppt slide or follow up email):

- For Chapter Meetings, AT, and Service Projects your chapter leadership provides/leads please help with providing guidance on reporting to general members present. Please help ensure they are reporting to the correct category too.

Example for your time here today:

For attending/viewing today's meeting you will report your time as follows:

Opportunity = Chapter Business

Project Category = Chapter & Program Business Admin - President's Duties

Service Description = January Presidents & Advisors meeting with the state office

Be Aware of Phishing/Scam Issues

Scam upticks in the new officer year are common

Directors' names and email addresses spoofed and appear to be asking others in the chapter for information or funds.

- Gift card scam
- Bank account access
- “I need a favor” scam
- through email and/or text messages

Options:

- Let your members know that you will never ask for these things via TMN emails
- Make it your chapter practice and policy (and make it known) that you only ‘do business’ (like this) during official business meetings, never over email or text
- Put directors email list behind password protected page, or on an external share drive
- Add forms for contacting chapter & use CAPTCHA option
- Send out directors' email list to chapter members once in external email at beginning of year
- How else?

When in doubt – call the real named person "emailing/texting"!
