Call for Proposals - Texas Master Naturalist Annual Meeting, October 2025

Step 2: Enter Your Submission's Details

* **Submission Title**

* **Presentation Type**

Field Session

* **Submission Details** - Provide a concise, engaging summary that highlights key takeaways from the presentation or field experience. Describe what participants will see, do, and learn in a way that captures their interest while clearly outlining the session's value. This description will be used in the Full Agenda as written.

1,000 characters remaining

*** Presentation Theme** - Please select the most relevant topic for your presentation. This will be used for building session tracks for attendees.

- Abiotic Environment (Geology, Weather, etc)
- Chapter Management & Solutions
- Chapter Project Highlight
- Citizen Science
- Conservation Initiatives
- Community Engagement
- Ecological Concepts/Regions
- Fauna-General
- Habitat Management (Open Space)
- Interpretation/Communication
- Partnership Highlight, Volunteer Project Recruiting
- Plants/Flora
- Social Media & Storytelling
- Texas Water Resources
- Other

*** Additional Details** - Please select your presentation type to answer the corresponding questions.

- Classroom Session
- Field Session

*** Field Session Length**

- Pre-Event Field Session (Times Vary)
- All Day Session (8am-5pm)
- Half Day Session (8am-12pm or 1pm-5pm)
- Post-Event Field Session (Times vary)
- Other

* **Best Date/Time for Field Session** (Select those that work best)

- Pre-Event: Wednesday
- Pre-Event: Thursday
- During Event: Friday All Day
- During Event: Friday Morning
- During Event: Friday Afternoon
- Post-Event: Sunday After 10am
- Post-Event: Monday
- Other

* **Field Session Address** - Exact address or GPS points for location where field session participants will be meeting up. Note that these will only be shared with those who register for your session.

Distance From Texas A&M Hotel and Conference Center (177 Joe Routt Boulevard, College Station, TX 77840) - Typically we want no more than a 30-45 minute drive for a DURING conference trip. If a PRE/POST event trip, the travel distance can be up to 1.5 hours. Please add any comments on traffic patterns we should consider when scheduling.

* **Parking/Accessibility?** - Is the facility able to park multiple vehicles carpooling? Are there facilities accessible with restrooms, etc. If not, what other options exist? (i.e stopping at a gas station to/from)

* **Current TMN Projects to Highlight** - Are there projects that you want to highlight at the site that would be of interest for members from other chapters to duplicate, learn from, ask questions about.

* **Optimal Number of Participants** - Give us a range of maximum, minimum and ideal.

* **Level of Intensity** - high skill/intensity such as climbing, strenuous activity OR low intensity such as walking a bird/plant trail. Include any hazards to be aware of.

* **Additional Costs** (Entry Fees, etc.) - If there is an additional cost associated with this, it MUST be included in registration.

* **Do participants need to bring anything?** - For example - Snake boots, mud boots, walking sticks, binoculars, magnifying glasses?

* **Chapter Liaison** - If working with a local TMN Chapter, please list your field session liaison's information below. This person will be included on communications from our state office team if we have questions about the site, content, speaker, etc. Please input their full name and email address.

Please let us know if there are additional needs or comments for your presentation during the Texas Master Naturalist Annual Meeting. These will be moderated and answered within a timely manner.
