

# #TMNTuesday

September 9, 2025

2025 TMN Annual Meeting Chapter Project Fair

with

The Texas Master Naturalist Program

# Virtual Meeting Room Etiquette

We will get started right at 10:00 AM Central.

TMNTuesdays Page:

If you are experiencing issues with WebEx, please refer to our WebEx Help Guide - <https://txmn.tamu.edu/tmntuesdays/>

- Chat function is open for on-topic discussion only. Please be professional and respectful in all comments & questions in the chat.

- Today's session is a come and go event lasting about 3 hours. You can count the total amount of time you are present for/watch up to the total webinar time.
- The **recording** will be posted to our website the following day. If you missed the live webinar, watching the recording can count for AT credit in the same year.

- Attendees are not able to unmute during the WebEx Event. Please use the Chat Box to ask questions.

# Help Support Future Events Like This!

Scan this code to complete a short, **voluntary** survey so that we can continue to remain eligible for funding that helps pay for events like this.

**September  
2025**

***“2025 TMN Annual  
Meeting Chapter  
Project Fair”***

**with**

***Texas Master Naturalist Program***

**September 9, 10:00 – 1:30pm CT**

The Texas Master Naturalist Program holds this competition during each year to share and award new and premier Chapter projects of the TMN Program. Our chapters and members continually list this fair as a favorite way to learn about projects other chapters are doing and how they may be able to replicate such projects in their areas.

<https://txmn.tamu.edu/blog/2025-chapter-project-fair/>

Awards will be in the form of monetary project grants ranging from \$300 to \$800, intended to further support the winning projects or new projects.

### The Mission

The Texas Master Naturalist Program's mission is to develop a corps of well-informed volunteers to provide education, outreach, and service dedicated to the beneficial management of natural resources and natural areas within their communities for the State of Texas.

Many communities and organizations rely on such citizen volunteers for implementing youth education programs; for operating parks, nature centers, and natural areas; and for providing leadership in local natural resource conservation efforts. In fact, a short supply of dedicated and well-informed volunteers is often cited as a limiting factor for community-based conservation efforts.

Mika Geiger, Balcones Canyonlands
